Lifting Your Dreams

About Doosan

Values that drive our future growth

Trust in people is the foundation on which Doosan has built its century of success

Doosan has always put 'People' first for the past 100 years, based on our management philosophies.- 'Business is not meant to make profits, but to help people grow.' (Late Too Pyung Park, First Chairman), and continues to spur corporate development with global competitiveness originated from human resources.

Doosan the oldest, but fastest growing company

Doosan has recorded the longest business history since its inauguration in 1896, but has grown at its most rapid pace for the past 10 years.

Doosan-the global Infrastructure Support Business (ISB) company

Doosan has created in excess of 90% of its sales within the ISB sector through vigorous reorganization of its business portfolio since 1998. In the past, 70% of our business was concentrated on consumer goods, but we have successfully transformed our business DNA to the infrastructure support business that constructs and reinforces social infrastructure.

Doosan, surging as a global company

Doosan has become the global ISB leader based on its world class products and services. In addition, as a true global company, Doosan's overseas employees encompass 50% of its human resources, and overseas sales take more than over 60% of the total sales.

Doosan Industrial Vehicle

Major global player in the infrastructure support business with a proud heritage

With a proud history dating back to 1937, when we first started out as Chosun Machinery, Doosan Industrial Vehicle has grown into Korea's largest machinery manufacturer, playing a leading role in the development of the industry in Korea.

Today, we are a global enterprise. We operate large-scale plants and sales subsidiaries both at home and overseas and maintain an operational network that spans continents.

Committed To Innovation

We remain committed to the advancement of new technologies and development of talented individuals, positioning us to respond effectively to the rapid changes taking place in the 21st century. Our mission is to strengthen our global position and become the industry leader well into the future.

Committed To Our Customers

We are committed to our customers, providing superior products and excellent services to go with them.

Our Promise

Doosan Industrial Vehicles will be the partner you can count on, always putting our commitment to you first.

Award-Winning Machines

Doosan currently holds a number of export, design & safety awards, including five Forklift Truck Association awards for Design Excellence.

7 Series Highlights..

- Meets and exceeds all EPA Tier 4 and Euro Stage 4 emission regulations by Diesel Oxidation Catalyst(DOC) and SCR(Selective Catalytic Reduction).
- Superb Performance and high power output due to the new generation of Doosan's own G2 Diesel Engines.
- Rugged Reliability has been a major part of Doosan's ethos for all of its products and the new 7-Series is no different.
- A strong and rigid chassis frame along with more metal than plastic design ensures that Doosan is the best choice for all application.
- New Zeus Cabin can provide wide front view and excellent comfort to operator.
- Reduced maintenance - extended SCR cleaning intervals means increased uptime and Reduced servicing costs.

Well proven and reliable Doosan G2 engines and components

The powerful Doosan engine and components provides high-end torque at low engine rpm, reduced fuel consumption and meets all EPA Tier4 / Euro Stage 4 regulations without the need for a DPF.

Doosan multi-engine performance mapping system

Doosan offers 3 performance engine maps, which gives you the choice among STD mode, Eco mode and Drive mode. Eco mode limits engine performance but can reduce the fuel consumption by approximately 5%. Drive mode increases the Maximum travel speed so that the truck will provide higher productivity.

Well-tested load-sensing hydraulic system

All Doosan G2 models are equipped with a proven Load-sensing hydraulic system which provides increased fuel efficiency and better overall performance.

Comfortable & Convenient Operator Compartment

Designed to provide greater rigidity and comfort, the Zeus Cabin offers an outstanding visibility, clear dashboard and high quality interior, along with excellent heating and air conditioning ability.

Safety

OSS (Operator Sensing System)

- . Truck will not move without an operator in the seat.
- . Lift and Lower function disabled if the operator is not in the seat.
- . Tilt function will be locked if no operator is in the seat.
- . Alarm will sound if operator leaves the seat without applying parking brake.
- . Seat belt warning light on dash to remind operator to fasten seat belt.

Meet Emission Regulation (Tier4 & Stage 3B) with SCR + DOC System

Extended SCR cleaning interval means increased uptime and reduced servicing cost
No Ash Cleaning or any changing needed.

Greater durability and easier maintenance.

Powerful and delivering excellent fuel efficiency, Doosan's D34 electronic controlled engine, combined with already proven transmission.

Doosan can guarantee the highest quality of engines and its components because we use our own engines, which also means we can also guarantee the best supply of spare parts at the most competitive prices.

Robust chassis design and heavy duty build quality ensure Doosan's 7-series is tough enough for any application.

Maintenance-free Oil-cooled Disc Brake system ensures maximum up-time, less damage, no maintenance and zero costs for you.

Counterweight

Increase radiator capacity by improving inside air flow. It shows the identity of Doosan 7 Series IC truck by dynamic concept design.

Multi Engine Map : Standard Mode / Eco Mode / Drive Mode

We provide two engine settings - STD mode and ECO mode. Each customer can choose their own setting to suit their different applications. In the drive mode, Maximum travel speed increases 1km/h.

Easy to access

Integrated Electrical Components. Wide hood opening range for best accessibility. Great location of fuel filter for serviceability.

New Air Cleaner

The increased capacity of the Dual Element Air Filters makes the new 7-series more durable. The integrated MAF sensor (Mass Air Flow) provides exact monitoring and is easy to access.

Anti Skid Step Plate

Increase safety when operator get on the forklift especially in the snowy weather.

Oil- Cooled Disc Brakes (ODB)

Oil cooled disc brakes are available as a standard on all D70S-7 Series. This enclosed Brake system eliminates outside contamination, significantly extending brake life and decreasing maintenance cost. Oil cooled disc brakes have service interval 5 times longer than conventional shoe brakes, and virtually maintenance free.

LED lights(Optional)

LED lights give greater visibility in darker conditions and last much longer than conventional light bulbs.

Locking type gas spring for Hood

Improve operator's safety and convenience with locking function.

Instrument Panel

Engine coolant temperature, transmission oil temperature, speed meter, fuel level gauge and hour meter keeps the operator aware of the machine's working conditions. Engine oil pressure, alternator voltage, water separator gauge and pre-heater illuminates to alert operator to any problem.

High Powered, Fuel efficient performance.

Powerful and delivering excellent fuel efficiency, Doosan's D34 electronic controlled engine, combined with already proven transmission and oil-cooled disc brakes(ODB) provide excellent levels of productivity, durability and value for money.

After Treatment System

- ULPC(Ultra Low PM Combustion) : Doosan's own system which optimizes combustion characteristics.
 - › Optimizing piston bowl, injector and cylinder head swirl to use air as much as possible for reducing PM.
- SCR System : Technology that uses a Diesel Exhaust Fluid(DEF) and a catalytic converter to significantly reduce NOx emissions.

* Need SCR cleaning Process every 200hrs / SCR cleaning is available anytime with it's switch operation.

Engine Performance

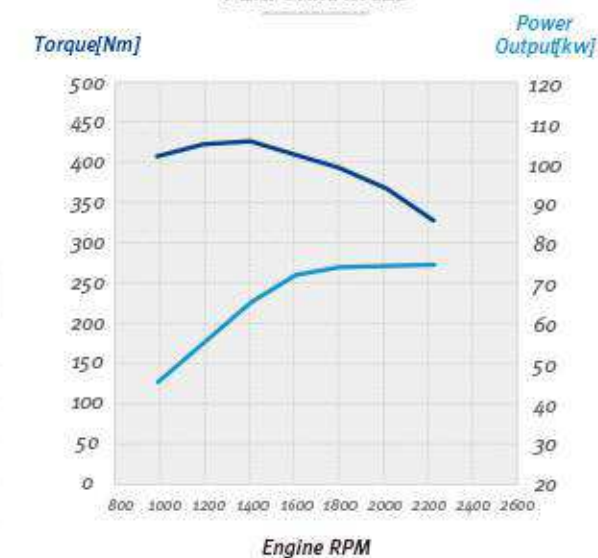

The new Doosan D34 3.4 Litre diesel engine provides excellent performance. The powerful Doosan engine provides high torque at low rpm or at low engine speed, reduces fuel consumption, and meets Tier-4 / Stage 4 Regulation

- D34 Tier 4/Stage 4 Electronic Controlled ENGINE
- 4 cylinders, 4 cycles, 3,409 cc
- High torque at low rpm. : 375 Nm @1,600 rpm

Category	Unit	Doosan
Model	-	D70S-7
Engine	-	Doosan D34(G2)
Rated output	kw / rpm	80.9 / 2,400
Max. torque	N.m / rpm	375 / 1,600
Displacement	cc	3,409

PERFORMANCES

Eco-Friendly and more...

Doosan's unique and innovative Ultra-Low Particulate Matter Combustion system using Selective Catalytic Reduction(SCR) and Diesel Oxidation Catalyst (DOC) ensures the most modern but reliable system is fitted to ensure all emission regulations are met.

No Diesel Particulate Filter(DPF) and fully extended SCR cleaning interval means maximum up-time and minimum maintenance cost.

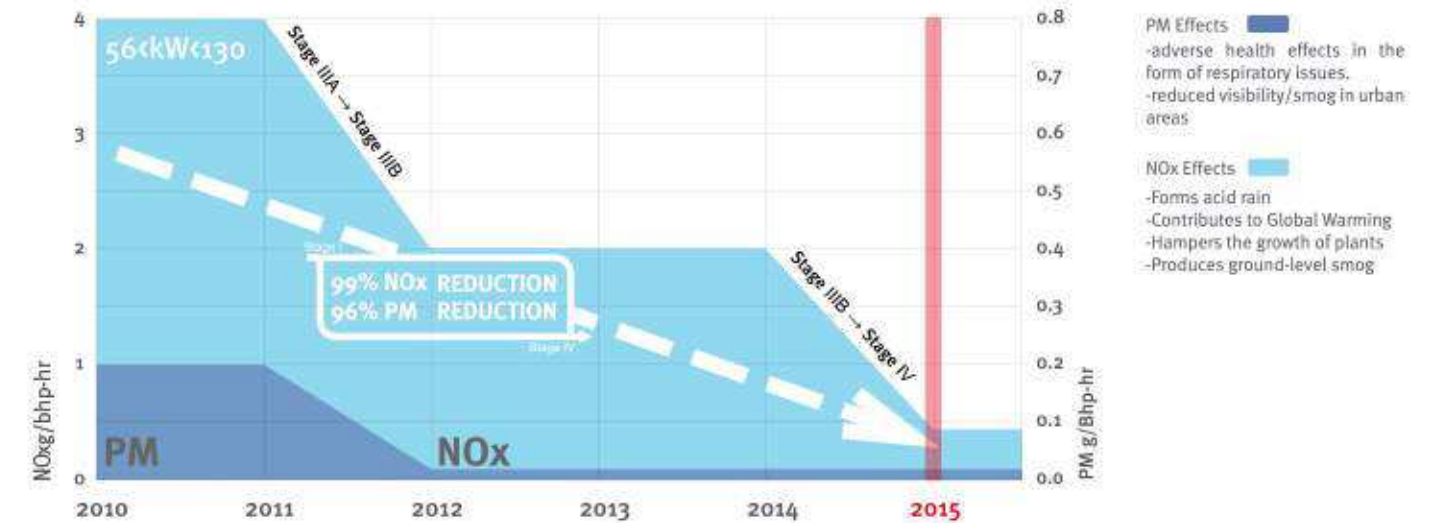

Doosan is responsible for the implementation of regulations and emissions standards to protect the environment for the future of the earth.

What is the EPA?

The Environment Protection Agency is responsible for writing and enforcing regulations based on laws to protect human health and the environment. Directive 1999/94/EC requires the reduction of emissions, especially Particulate Matter(PM) and Nitrogen Oxides(NOx), in non-road diesel engine vehicles. The different stages of the directive are based on engine power and are designed to phase in the new levels of requirements.

Diesel Off-Highway Emissions Evolution

EPA Tier-4 Final & EU Stage-IV come in to effect from 2015 over 56kW engine
For the implementation of regulations PM and NOx should be reduced by 90% compare to EPA Tier-3 / EU Stage3A.

Doosan's green technology to meet Tier 4(Stage 4) emissions regulations

- Ultra Low PM Combustion(ULPC) : Reducing Particulate Matter(PM)
- Diesel Oxidation Catalysts (DOC) : Oxidizing HC, CO, SOF and Converting NO into NO₂
- Selective Catalyst Reduction (SCR) : Reducing Nox
- Diesel Exhaust Fluid(DEF) : Reducing Ammonia

Below 56kW : Combination of ULPC and DOC
Above 56kW : Combination of ULPC, DOC, DEF and SCR

New Zeus Cabin, Great Comfort and Productivity.

New Zeus Cabin provide to operator not only great comfort but also higher productivity with ergonomically design features.
Doosan can guarantee the highest quality of Cabin and its components.

Ergonomic Design

- . All switches are located proper position according to the operator's convenience.
- . Extremely comfortable suspension seat.
- . Parking lever position. (Left side of seat)

Spacious Leg Room and Operator Comfort

The neat and wide-open floorboard provides operator with plenty of foot room to make entry and exit a breeze.

Wide Visibility

- . Centered seat for better visibility.
- . Wide visibility without distortion.

5" Full Color LCD Display

DEF warning, DEF level gauge, SCR cleaning request, SCR cleaning inhibit, Engine RPM and Engine check lamp keeps operator aware of machine's operating and maintenance conditions.

Convenience Package

Deck mounted control valve levers simplify hydraulic actuation convenience tray keeps paperwork and supplies organized and handy.

Various Options

- . Heater
- . Air Conditioner
- . Panoramic Mirror
- . CD or MP3 Player
- . Rear View Camera
- . Defrost Fan

Proven Quality, Service and A Reliable Partner.

You will receive the best after-sales service from your authorized local or national factory-trained dealer, backed by Doosan's own customer service center.

And Doosan provides 100% parts inventory to insure any downtime is minimized.

When you own a Doosan forklift, our high quality, responsive customer support team comes with it.

The Doosan network starts with your local dealer and ends with a national team of highly qualified and experienced personnel standing ready to support all your material handling needs.

Standard features and Option Availability

Safety	Standard	Option
Direction Lever Function	●	
Mast Lowering Interlock	●	
Operation Sensing System	●	
ELR Type Orange Seat Belt	●	
Autoshift Controller	●	
Combination Lamps(LED)		●
Weight Scale		●
Tilt Anti-Surging		●
Emergency Switch		●
Panoramic RearView Mirror		●
Rear View Camera		●
Strobe Light(Amber / Red)		●
Back-up buzzer		●
Ground Speed Control		●
Productivity	Standard	Option
Electric Controlled TCI(Turbo Charged Intercooler) Doosan Engines	●	
Pedal Location(Accelerator, Brake and Inching)	●	
Inching Pedal	●	
Heavy Duty Cooling (Hydraulic/Driveaxle/Transmission)		●
Engine Block Heater		●
Additional Thermostat for Transmission Oil		●
Comfort	Standard	Option
Adjustable Steering column	●	
Integrated Instrument Panel / 5" Color LCD Display	●	
Easy to Service	●	
- Integrated Electric Components(Relays and Fuses)		
- Wide Hood Open Range		
Full Cabin(ZEUS) w/ Heater or Airconditioner		●
Seat - Suspension		●
Low Noise Level		●
